With a few years of hobby programming experience, I am a passionate and driven IT enthusiast eager to bring my dedication to excellence and thirst for knowledge to any team as an employee. Collaborative and always seeking out new opportunities to learn and grow, I am confident that my skills and enthusiasm make me a valuable asset to any development team.

Work experience

- Warehouse worker** Oct 2022
Transval Works Oy, Turku
My job duties include collecting, packing and shipping goods at the customer company's warehouse.
- Production worker** Feb 2022 - Aug 2022
Technion OY, Naantali
During my 6-month work period, my job duties included assembling, testing and packing of electronics.
- Cashier** May 2020 - Dec 2020
K-Citymarket, Rauma
During my 9-month work period, my duties included manning the cash register, serving customers, stocking shelves and maintaining the cleanliness of the store.
- Summer employee** Jun 2019 - Jul 2019
The city of Naantali, Naantali
During a 1-month summer job, I updated the operating systems of the city's computers. My duties also included disassembling, assembling and maintaining the workstations of other employees.

Education and Qualifications

- Student of Information Technology** Aug 2022 - Jun 2027
University of Turku, Turku
At the University, I have learned a lot about programming and have learned new practises that I can apply in hobby projects and potentially in the future, in my work. Having completed my Bachelor's Thesis, I'm expecting to graduate in the summer of 2024.
